

Operations Manager of Electronic Security Per Mar Security Services Branch Operations Des Moines, Iowa

As Operations Manager of Electronic Security for Per Mar Security Services, Des Moines, IA, qualified candidates would be responsible for the development and promotion of operational policies and procedures for the branch, as well as supervision of all Electronic Technicians, the Installation, Inventory, and Service Departments. This person would also assist the Per Mar Customer Service Department on troubleshooting alarm issues and help train technicians on Central Station and alarm technology. Other responsibilities include overseeing the fleet of vehicles used by the service and installation technicians, assisting the General Manager in development of sales department knowledge and system design and requirements, and development of service and installation methods that would improve branch operations and customer support.

Qualified candidates must have 3-5 years experience as a lead technician, manager or supervisor in the Electronic Security Industry and solid knowledge of installation, design and repair of Electronic Security Systems. Technical training or college degree is desired, but experience will be considered. Excellent supervisory, leadership, communication, organizational skills and a personable and professional presence are a must. Candidates will be required to pass a background check and drug testing. Must have and maintain a good driving record.

This position offers a competitive salary plus bonus package and excellent benefits.

Established in 1953, Per Mar Security Services is a family-owned business that has grown to become one of the largest full service security companies in the country. With more than 3,500 security professionals operating from offices throughout the Midwest, Per Mar provides custom-designed security solutions for a wide range of clients. These include burglar and fire alarm systems, integrated access control and CCTV systems, uniformed security officer services, business investigation services, security consulting, and special event services. The company operates a modern, UL-listed Central Alarm station that monitors more than 40,000 accounts. The company's home office is located in Davenport, Iowa, with twenty-two branch offices located throughout Iowa, Illinois, Wisconsin, Minnesota, Indiana and Nebraska.
